# Dear Friends of the Lancefield Romsey Little Athletics Centre,

# RE: REQUIREMENT OF COMMITTEE MEMBERS FOR THE LANCEFIELD ROMSEY LITTLE ATHLETICS CENTRE FOR THE 2010/11 SEASON

As you may or may not know, the previous committee of the Lancefield Romsey Little Athletics Centre has called two Annual General Meetings, at which I attended the latter. This meeting was poorly attended, and when the meeting moved to the election of a new committee, the club was left without enough volunteers to form an Executive, let alone a committee.

As a parent whose children love attending Little Athletics, I think it would be a great disappointment for our community should this children's activity be forced to close because it can not form a committee, <u>and be quite clear, the Lancefield</u> Romsey Little Athletics Centre will close if it does not form a committee.

I have had discussions with the Victorian Little Athletics Association as to the Centre's options. If we close, our equipment and money will be redistributed to other Athletics Centres, we will not get it back. The Centre is financial, has equipment and will get a new home with the redevelopment of the Romsey Sports Precinct, however without a committee we can not function for the benefit of our children.

Therefore I have called a Special General Meeting of the Lancefield Romsey Little Athletics Centre to be held at the Romsey Hub at 10:30am on Sunday 29/08/2010. The purpose of this meeting is to elect a committee. Should a committee of at least 15 people not be elected the Lancefield Romsey Little Athletics Centre will fold.

If you would like to discuss anything relative to the formation of a new committee, please feel free to contact me on 0401 051 733.

Regards.

Anthony Quigley – (Concerned Parent)

### Children's Book Council of Australia Awards

This week our junior school students walked to the Romsey Library to participate in activities related to the CBCA Awards for 2010. The children thoroughly enjoyed the performances and came back to school to share their thoughts.

On Monday Year 2 went on a trip to the Romsey Library. We saw a performance. It was called Schumann the Shoeman and Isabella's Garden. They were good. I liked Schumann the Shoeman the best because it had more actions and it was funny. I also liked when she tied the shoe laces. Three classes went to the performance. Billy R, 2EM.

On Monday the 23<sup>rd</sup> of August the Year Twos went to the library at the Romsey Hub. We walked there from Romsey Primary School. Once we got there we went in a room where a girl was dressed like an old man. She did a performance which was called Schumann the Shoeman. She acted

really well. She was from Bendigo and her name was Narelle. She also performed Isabella's Garden. She brought people up to act Isabella's Garden. It was so beautiful to watch and it was sweet with people joining in with Narelle. She was kind and silly and old in the story Schumann the Shoeman. It was fun to watch. Chloe D, 2EM.

Australia is a land where only the derelicts have ever been hungry, and we feel it is really their own fault. We are a land of comfortable matrons, where junior executives fight their battle of the bulge on the squash court and senior executives are beaming and bellicose, where even the young are sleek, and no child dies of malnutrition.

There is a rain-starved land called India to our north, where trees are stripped of leaves because man and beasts must eat, where the sun's blinding rays bounce off the ground, and the air is like a furnace at 120 degrees. Where the dry brown dust cakes on arms and chokes nostrils. A land where famine comes in the regular rhythm of birth and death, where the labourer eats grass roots and earns fourteen cents a day, where the senior executive sells jewellery and ornaments for bread, where hundreds of old women, pregnant women and children wait in

### **Transition to School**

Our 4 year old groups have commenced their transition visits to Romsey Primary School as part of getting ready for school next year. These visits are held during kinder session time and staff lead the children similar to an excursion. They are a great opportunity to see and experience a much bigger environment than the children are used to at kinder. My kinder kid said they were much better behaved than the preps!!

### Father's Day

The children and staff are busily and very creatively preparing for Father's Day. A special Fathers Night / Working Parents Night is being held on Wednesday 1 Sept. This is the chance for dads and working parents to visit the kinder with their child and experience what the children do each day.

To all the dads out there, have a great day on Father's Day and thankyou for your support.

### **Waste Free Days**

As part of our Sustainable Living Program we will be introducing waste free days, no wrappers etc and commencing use of the worm farms for our food scraps.

### **Sustainable Living Program**

Staff have been busy purchasing plants to create a jungle, tunnel and sensory play area. A couple of very dedicated parents braved the elements recently to give the garden a working over in preparation for spring and also did some planting for this program.

### **Enrolments**

Enrolments for 2011 have now closed.

Classes are nearly full and any further enrolments will be included on a waiting list. Letters of Offer will be forwarded to families in the next few weeks.

### What's happening at the Romsey library

Book Week was celebrated in August, from 23<sup>rd</sup> - 27<sup>th</sup> August. The Grade 1 and 2 students from Romsey Primary School came in for a Book Week book theatre performance by Narelle Stone. Narelle performed an act based on one of the stories that are nominated for an award by the Children's Book Council of Australia. We also went out to visits at the local kinders. It was great to see visitors to the library participate in Book Week events. Come in and see which books were shortlisted by the Children's Book Council of Australia!

Recently added to our collection are Playaways, these are similar to an ipod, it is a book in a portable device where the story is pre loaded and all you have to do is plug in some earphones, press, play and off you go, great while doing housework or on long car trips. So come in out of the cold and have a browse at what we have to offer.

The Romsey library is taking names of those interested in becoming part of a book club formed by the library. We supply the books and provide the venue so if anyone is interested drop in or call 54293086 to register your interest.

Gisborne Library is starting a Home Education Book Group for Children aged between 10 and 14, aimed at children that are home schooled. The group will meet at the Gisborne Library the second Wednesday of each month at 11.00am beginning the 13<sup>th</sup> of October. The group will be facilitated by an experienced home education parent. Please

contact Georgina at the Gisborne Library 54283962 to register your interest as places will be limited.

### WINNING 3 LOWDEN FAMILY **SHIELDS IN A ROW**

An enthusiastic group of riders from Woodend Pony Club has won the prestigious Lowden Family Shield for the third year in a row. The Shield, a gymkhana-type event held annually by the Central Zone of Pony Clubs Victoria, brings all the clubs in the region together to compete against one another. Riders from as far away as Whittlesea and Williamstown in Melbourne came to the event. It was a proud victory on Sunday for the young Woodend members and D.C. Ronnie Graham, who also won the Shield in 2008 and 2009. Woodend, which hosted this year's event in cold but clear conditions, retained the Shield ahead of Macedon Pony Club, with Riddell's Creek coming in third.

Woodend Pony Club president Russell Manton congratulated his members and D.C./Chief Instructor Ronnie Graham on the

"The most pleasing aspect of the Lowden Shield is that the result is not based on individual efforts, rather each competitor contributes to their club's result." Mr Manton said. "At

Woodend there is a tremendous sense of camaraderie and all the members are eager to help the club and each other in any way they can. The club has record membership, rising from 28 to 53 in the last two years, and a waiting list of riders wanted to join."

The club recently received a grant from Macedon Ranges Shire Council of \$4500 to construct cross country jumps and a Woolworths' Fresh Food Kids grand of \$3054 to add to its show jumping equipment.

"The club really is surging ahead. I congratulate all competitors and their parents for their participation at the Lowden this year," Russ Manton said. "We now look forward to next year's Lowden!"

The Shield was started by the Lowden brothers of Kilmore horse supplies store fame in the 1960s to encourage riders in

WOODEND PONY CLUB 'THREE-PEAT' a range of equestrian activities. The program includes pony club show rings, games and handy mount activities and children of all ages and pony club levels are encouraged to take part. Those riders placed from first to sixth in various events receive points for their club, and the club with the highest tally of points wins the Shield for the year.

The Central Zone of Pony Clubs Victoria has 23 member clubs and more than 900 riders. It encompasses a large area and includes clubs from Beveridge, Broadford, Bullengarook, Findon, Gisborne, Glenlyon, Kilmore, Kingston, Kyneton, Lancefield, Laurimar, Macedon, Melton, Oaklands, Riddells Creek, Sunbury, Trentham, Truganina-Braybrook, Tullamarine, Werribee, Williamstown, Whittlesea and Woodend areas. Woodend Pony Club, which operates from the picturesque former racecourse on the edge of town, has been running for almost 40 years.

The club will celebrate this milestone and anyone who would like more information can contact Russell Manton on 0409 136 071 or see www.woodend.ponyclubvic.org.au For further information, contact Woodend Pony Club president

### **Australian National Flag Day**

As September 3rd is officially recognised as "Australian National Flag Day", we wish to encourage businesses and private citizens to fly our flag.

This Day was first celebrated in 1996 and since then is now celebrated across the nation with many flag raising ceremonies.

There is a correct procedure for the display of the Australia National Flag in keeping with the dignity required and the pride we have in our national symbol, and for its replacement when it becomes worn out or faded.

The President or any member of the Romsey/Lancefield Sub-branch of the RSL would be happy to answer any questions regarding the recommendations and procedures regarding the Australian National Flag. Flags are available from Flagworld, 188 Whitehorse Road, Balwyn, phone 9817 1146.

### Romsey Region Business and Tourism Association (RRBATA) **UPDATE**

### RRBATA Business Breakfast Success

On Friday 6<sup>th</sup> August 2010, RRBATA hosted its first business breakfast at Soltan Pepper Restaurant. Approximately 50 guests feasted on Soltan Pepper's sumptuous eggs and bacon before listening to the all-local list of guest speakers. First up was Brett Hartnett (Merrill Lynch) who.

with Peter Osborne, spoke about the economy with particular reference to Australia's future circumstances in the face of a second wave downturn economically. After a short break, Wayne Schwass (former AFL star, Executive Patron Sunrise Foundation) spoke, firstly, about his decision to move to Romsey and the benefits it has reaped for him and his family. He then spoke about how he dealt with being afflicted by depression, both during and since his elite sporting career. His work with the Sunrise Foundation has been well documented and his joy at being able to raise awareness with young people was obvious. He appealed to the attentive audience, particularly the male contingent, to be vigilant with their health and to seek help if they are having difficulties.

The positive feedback received by the RRBATA Committee indicates this event was a great success. It appears there is no shortage of enthusiasm to attend a morning function with good food, good coffee and good conversation! It is anticipated that a RRBATA business breakfast will be a regular fixture on the RRBATA calendar.

### RRBATA Going Forward

As we fly into the latter part of the year, it is worth considering the importance of groups such as RRBATA in the Romsey community group landscape. In addition to the role of advocacy for business and tourism in the region, it also serves a connectivity function with the broader community. The links with the Macedon Ranges Shire Council and the capacity to access the assistance from the Economic Development and Tourism Unit indirectly help the

Romsey community as a whole. It is important, therefore, that RRBATA continues to develop its role. In addition to welcoming ongoing feedback, RRBATA also seeks expressions of interest from those willing to assist in RRBATA's future evolution. The AGM is coming soon which provides an opportunity to "get on board". For further information, please contact Jenny Stillman on 0412 349849 or jennystillman@optusnet.com.au

### Romsev Online Update!

Despite being one year old, some community groups are still forgetting to use Romsey Online (www.romsey.org.au) as a community noticeboard. Whether it is to post upcoming events or news of events past, this website is your free resource.

Don't forget, ANYONE CAN BE A REPORTER! Whether it is sporting results, photos, reports on events etc, the website is waiting for your "news". Please ensure a note of consent from people featured in any photographs accompanies your submissions. Remember, the website is only as good as the information fed to it at info@romsey.org.au.

### Thinking About Membership?

RRBATA is only as good as its membership. Consider being a beneficiary of the exciting initiatives planned ahead by becoming a RRBATA member so as you can be heard!!

# Finley - Success (Cowboys & Angels)

Cowboys & Angels Competition Linedancing Team travelled to Finley NSW for the Riverina Line Dance Championships on 14<sup>th</sup> & 15th August and enjoyed another great weekend. We had 21 competitors who managed to bring home a total of 36 medals, making us the most successful club attending. Competitors competed in Solo, Duo, Trio and Group dance events showcasing the talented dancers we have here in Romsey. A special thanks goes to Stacey & Kate and to those parents who made the trek to Finley to support their children and the team, a wonderful time was had by all.

■ Our next competition is the NSW Open Linedancing Championships in Sydney on the first weekend in October. To help with the cost of getting our team to Sydney we will be holding a number of fundraising events over the coming months. A Krispy Krème Donut Drive is currently underway, sausage sizzle at the IGA on Saturday 28<sup>th</sup> August and a ■ Disco on Saturday 11<sup>th</sup> September, so please watch out for further information; your support at these events would be much appreciated.

Our Heavenly Father loves, cares, is interested in us and wants only the "best" for us . . . more than any earthly father could. He is our model of the perfect Father and He promises us that if we seek Him and His ways first in our lives that He will provide 'everything' that we have need of. (Matt.

Maybe you have not had a good role model as a father; maybe as a father you are facing issues that you don't know 'how' to handle. ### VIEW FROM THE VICARAGE.

Dear Friends

As we head towards spring (you might not feel like it at the moment given the cold weather), it is often good to look at the reason why people look forward to spring so much. It is a sign that things are starting to warm up.

It is a sign of newness both in our gardens with fresh flowers beginning to bloom and the smell of those new flowers in the atmosphere.

From this, the reality is that things start to freshen up. In each of our lives there are things that always need freshening up. That is why we end up doing spring cleaning. God gave up the seasons so that he could demonstrate the vast diversity of his creation. The mixture of hot and cold, cool and warm, wet and dry show us that he has a plan for the way things operate. As we are created in His image. one of his plans is to have us be people who live in His im-

As spring approaches, let us freshen up our relationship with God by letting Jesus become our Lord and Saviour.

That's this month's view from the vicarage.

### **ROMSEY'S FIRST SHIRE** POST OFFICE, built 1869

Not everybody knows that the small building next to the creek, on the east side of the Main Road, was Romsev's First Shire Post Office, built in 1869.

It was the Shire Office for just over seventy years, from 1871—1942, until the office moved south to the then Commercial Bank building, which is not the Hub.

Prior to the Shire, there was a Roads Board, from 1862-71, hence the Romsey Roads Board building next to the creek, from 1869, which then became the Shire Office in 1871.

This building is a very important part of our local history and has been Heritage Listed by Council since the early 1990s. Unfortunately, some of the current private owner's renovations and paint colours do not seem to be in line with this heritage building, but, hopefully, this is going to be cor-

Meanwhile, keep on eye on what happens, and we look forward to a suitable plaque or history of the building appearing on its front very soon.

### Jenny and Michelle's New York Odyssey

It is early in the morning at the Wolcott Hotel in West 31st Street, Manhattan, My friend since I was at kindergarten, Michelle, is asleep - recovering from the long flight from Australia via Auckland and Los Angeles which arrived last night. This trip is a dream come true for Michelle, having commenced its genesis what seems like an eon ago in October 2008.....

That Sunday afternoon, at my youngest son's birthday party, we were all happy as Michelle helped me orchestrate party games and the obligatory feast for a group of seven year olds.

That night, however, as she scratched an itchy spot of skin whilst she lay in bed, things changed forever – a sense of dread swept through her as she felt the pea-sized lump at the top of her right

Despite many challenges in her life, Michelle has a very stoic character, choosing to tackle obstacles head on rather than walk away from them. Our coffee chat soon after the phone call revealed this situation to be no different. Yes, she was very fearful of what could be, particularly for her 21 year old son who is an only child. However, as she said, she had no choice but to "get on

A lumpectomy and lymph node resection surgery was performed. Around this time, over another coffee, I asked Michelle where in the world she would like to go to - "New York" was the very guick response. That is when I promised that - when the treatment was all over - we **would** go to New York. Her excitement - even then- was palpable.

She had to wait for what felt like a long few weeks before chemotherapy was commenced. The early phases made her very ill she even questioned at one point whether she could continue. However, she persevered, with radiation treatment also commencing whilst she was still having chemotherapy. I joined the "radiation roster" to take her in for some of the treatments at Peter Macallum Hospital.

Michelle was meticulous with her own case management - she wanted to be in as much control of her circumstances as possible. She realised that knowledge and understanding would help her do this. Despite no background in biological or medical science, she accessed all of the recommended information resources, she kept careful records of her medical tests (in her bright orange "cancer bag" which she kept with her all of the time) and she followed her specialist's instructions to the letter. I rang her regularly and we would convene for coffee or just chat on the phone. When things were grim, such as the time she was given some - what was later to be revealed as incorrect - bad test results, she would phone me rather than worry her immediate family. It was a privilege to be able to help as much as I could.

In May this year, Michelle received the final herceptin chemotherapy treatment. Although needing to stay on temoxifan tablets for five years, the bulk of her treatment was over. In July, after some scans revealed the bad news that she had suffered a low grade degree of heart muscle damage (cardiomyopathy) from the chemotherapy and there was a break between other follow up tests, it was decided that there was a window of opportunity for the "big trip". Her specialists gave clearance for her to travel, although - much to her consternation- she could not obtain medical insurance for her heart condition.

Several coffee shop planning meetings later, we were set. The tickets and accommodation were booked.

At 2.45am on Wednesday. I picked her up – she was so excited - to go to the airport for her very first trip out of Australia. By 6am, we were seated on Qantas flight QF25 to New York via Auckland and Los Angeles. This was to be an adventure like no

And now we are here. Regardless of how many sights we see or how much shopping gets done, I feel like Michelle has fulfilled her dream. This is the beginning of the rest of her life.......

### **New Chief Executive Officer Announced** For Cobaw Community Health Service

Cobaw Community Health Service President, David Sprigg today announced the appointment of Anne McLennan as the organisation's Chief Executive Officer. Anne will commence in the role on Monday 20 September 2010, following the departure of Alan Taylor

after 13 years in the top job.

David said Anne is well known in the Macedon Ranges through her position as Director, Community Wellbeing with Macedon Ranges Shire Council.

"Anne brings to the organization a deep understanding of local issues from her association as a resident and her work commitments locally over several years.

"She has a proven track record of working effectively in community development, as well as having a broad understanding of social health and wellbeing issues," he said. Anne is currently part of the advisory committee for the state's health and wellbeing plan and is involved at commit tee level with the Central Victorian Health Alliance.

Anne has welcomed the opportunity to continue to pursue her passion of contributing to the health and wellbeing of the Macedon Ranges community.

"At a time of extensive national reform to the primary health sector, I look forward to the many challenges and opportunities of the role," Anne said.

On behalf of the Cobaw Board of Directors and staff, David thanked Alan Taylor for his energetic leadership. "Many changes have occurred in the community health sector since Alan's involvement at Cobaw," David said. "Alan's personal vision for community health and wellbeing

has been a considerable asset for both Cobaw and the wider health fraternity. Some of the services developed under Alan's leadership have included a community garden, a Men's Shed program, and a range of specialist services for young people, young families, and the older members of our community. Such services have been successfully designed to reduce over-burdening the medical service system, and have given focus to community wellbeing overall. Several of these have been highly acclaimed by state and national authorities."
