Welcome to the November Edition of The Romsey Rag

Recently the committee were sadden to learn of the passing of Russell Miller who was the Secretary of the Rag. Russell will be missed as he was often the voice of reason. The Committee send its sincerely condolences to Russell's family.

The weather is starting to warm up with some nice warm days giving us a taste of summer to come. My grass is starting to go mad and the lawn mower is coming out more often as I try to get some control over it!

This month we have a children's competition on page 21. It will be fantastic to see all the budding young artists out there with prizes for 1st and 2nd places in three age categories. Be sure to enter for your chance to win!

The new advertising rates for 2019. can be found on page 22.

At the end of September the old email address was decommissioned, please ensure you send all correspondence to our new email below:

email@theromseyrag.com.au

The Romsey Rag Committee are made up of volunteers, many of whom are work full time, therefore it is important to ensure adverts/articles are received by the deadline. With this in mind please allow 48 hours for responses to emails.

Please note the cut off for all articles/adverts for the December edition is the 15th November.

Vale Russell Miller

On Tuesday October 2nd I attended the memorial service for Russell Miller. I first met Russell in mid-2017 when community members were meeting to try to provide the Romsey Rag with a future. From that first meeting it was clear that Russell was a person of substance. At the memorial service I learnt about the young Russell, the primary and secondary student of Strathmore, he of the long blond hair, the keen love of the Beach Boys and the proud owner of a drum set. Soon enough Russell and a few friends organised a band and played at local parties, weddings and other social events.

Russell attended university and trained as a teacher. He moved around country Victoria teaching and working in several other jobs. He enjoyed cricket and whilst not a "gun" bat or bowler he loved the camaraderie of the team. In the late 1980's Russell met up again with his childhood sweetheart Jennie and they were soon married. They stayed together for another 30 years. Russell was overjoyed when he and Jennie became foster parents.

At the memorial friends spoke of the knowledge and quiet strength of a man who was at peace with himself. One who was able to take criticism and whose advice was often sought. Russell was an intelligent, kind and considerate individual who always saw the best in others. He has left all who knew him with a deep sense of gratitude for who he was and in knowing that people such as Russell still exist.

Fire Station Siren Testing

The Romsey Fire Brigade has recently re-introduced monthly testing of its Station siren as part of the regular testing of equipment.

Each Sunday volunteers forgo a weekend sleep-in to check and maintain Brigade equipment to ensure it is ready for use when an emergency happens. Equipment checked includes the fire appliances, radios, pumps, defibrillators and chainsaws.

Residents in the vicinity of the Fire Station may now hear the Station siren being checked on the last Sunday of the month as part of the maintenance schedule. The siren is used as a backup system by the Brigade to call fire fighters to the Station when other alerting systems have failed.

It is not used at Romsey to advise the community of an emergency. For information about emergencies that may affect Romsey, residents should continue to rely upon other approved community warning sources such as the CFA website (www.cfa.vic.gov.au), through Twitter @CFA_Updates, the CFA (Country Fire Authority) Facebook page, the VicEmergency app and emergency warnings provided over radio stations such as ABC Melbourne.

Romsey Brigade History

There has been a fire brigade serving the Romsey community since 1884. The Brigade is proud of this history and is working on documenting details about the people and events that have shaped the fire brigade of today.

Residents who may have memorabilia, photos or other important information to contribute to the history that is being documented are encouraged to contact the Brigade via the Brigade Secretary paul.wallworth@members.cfa.vic.gov.au.

1. What's a Life Direction Coach?

Life Direction Coach is a coach for Life Success

A Life Coach is often thought about as a "Coach for Life Success". A personal coach can help the client reach his/her dreams by focusing on tangible goals. A Life Coach works on a client's self improvement to achieve professional and/or personal goals. The client will become his/her very best and will learn new and effective ways of doing things. The life coaching sessions will assure that the client is able to deal with future events in a more positive and successful way.

Life coaching assures that goals and values are in harmony

A Life Coach will make sure that the client has a clear direction in life and that the goals are in harmony with the client's values. This is very important because if there is conflict there can be no success, but if the client works from a place of clarity and harmony, positive results will appear faster. A personal coach guides the client, step by step, to success.

Romsey Mechanics Institute Monthly Update

As the number and size of activities at the RMI has grown the CoM has asked that people attending events leave street parking free and to please park at the rear, off William St. To assist people to recognise the RMI we had a large sign made and then put it on the back fence. Sadly the sign lasted about five days before someone "pinched" it, not really sure just what use the sign can be put to. The theft has been reported to the local police. A new sign has been commissioned.

The 2nd RMI Art and Craft show will be held on Sunday November 18th. Doors will open at 9.30am, there will be a variety of works and craft items from local artists available on display and for purchase. This day will also see the 1st RMI Community Market. The market will be at the rear of the RMI. Please come along to see; the ongoing improvements to the RMI, view the wide variety of artistic works, check-out the market and enjoy a home-made Devonshire tea.

"Sarah & Pevan's" children's show on the morning of October 2nd was very successful

with all who attended certainly enjoying the performance. We hope this group will return in the future for bigger and better shows.

The RMI has been nominated for a Mechanics Institute of Victoria (MIV) Furphy Award. The nomination is for repairs to, and renovation of, the two WW1 Honour Rolls. The awards will be announced at the MIV conference in Ballarat over the weekends Nov 16th – 18th.

We would like to congratulate the Romsey Ecotherapy Park team on their successful application to the "Pick My Project" funding scheme. These funds will see a wonderful addition to an already excellent park.

If you are planning something, a birthday, an anniversary, an engagement or any other function please consider the RMI. Our web site gives a good idea as to what we have to offer. Bookings and all inquiries can be made at; rmibookings@gmail.com, or via the web site. We are more than happy to discuss your function, show you through the hall or supper room and explain the hire process.

Shakespeare comes to the Mountview Theatre

Our fourth and final production for 2019 – Shakespeare's *The Taming of the Shrew* will open on Friday 9th November and run till Sunday 1st December. Melbourne Director, Drew Mason, has enjoyed himself immensely by setting this production during the Suffragette movement of the early Twentieth Century. An era of great social change for Western

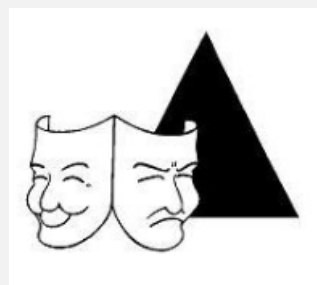

democracies being led by some very strong, passionate woman....much like the character in this play, Kate. Shrew is pacey, funny and a must see for both first time Shakespeare goers and of course the die hards! Tickets are now on sale via our website www.themountplayers.com

Auditions for our first production of 2019, **Educating Rita** By Willy Russell, directed by Natasha Boyd will take place on 18/19 November. The play requires 2 actors. 1 male aged 50 – late 60's and 1 female aged mid 20's – early 30's. A prepared monologue from the play will be required. For full details and to book an audition time contact Natasha Boyd at info@bookbonding.com.au or phone 0413 188 513.

Social Media Campaign Raising Awareness of Violence Against Women

Promoting women's independence and encouraging respectful relationships are two actions that will be highlighted in a new social media campaign on Macedon Ranges Shire Council's Facebook and Instagram channels on Sunday 25 November.

The campaign will feature local stories that aim to raise awareness about actions people can take to prevent violence against women, and is part of the Victorian Government's Victoria Against Violence (VAV)—16 Days of

Activism.

The social media campaign begins on International Day for the Elimination of Violence against Women (25 November) and ends on International Human Rights Day (10 December).

Know Your Rights and Prevent Elder Abuse in Our Community

The rights of older people will be highlighted during November as Council supports two fascinating discussions aimed to empower seniors in the region.

Forum: Know your rights

The rights of older people and how they can assert them is the focus of this free forum, being held on Friday 16 November from 1pm–3pm at the Norma Richardson Hall, 15 Buckland Street, Woodend.

Speakers include:

- Gerard Mansour, Commissioner for Senior Victorians and Ambassador for Elder Abuse Prevention
- Andy Price, Office of the Aged Care Complaints Commissioner
- Gary Ferguson, Seniors Rights Victoria
- Representatives from Elder Rights Advocacy and Victoria Police.

The forum, being held in partnership with Cobaw Community Health, will be followed by afternoon tea and an opportunity to meet with speakers.

Workshop: Your voice—trust your choice

This free interactive workshop aims to provide community leaders, educators and volunteers with strategies and resources to help older people in choosing a power of attorney.

It will be presented by Nicolina Scarcella, Coordinator of the Advice and Education Service at the Office of the Public Advocate, and is being held on Thursday 22 November, from 10am–12pm at the Woodend Community Centre, corner of High and Forest streets, Woodend. Light refreshments will be provided.

Bookings are essential for both events.

For more information or to book, contact 5422 0258 or sharper@mrsc.vic.gov.au

Both events are presented by the Macedon Ranges Elder Rights Network, which is funded by the Victorian Government.

For details on elder abuse call 1300 368 821 or visit seniorsrights.org.au.

Environment Events: Explore the Natural World

Whether you're an avid horse rider, enthusiastic citizen scientist, history buff or all-round nature lover, Macedon Ranges Shire Council has a range of free environment events on offer in November aimed to get you out into the wild and exploring.

Join a trail ride into the Cobaw State Forest

On Sunday 11 November you can be part of a unique trail riding experience as an experienced ecologist leads a horse trail ride into the Cobaw State Forest.

Bring your own horse and head into the forest to learn more about this important piece of habitat. Discover the natural values of the forest, including information on wildflowers, native animals and plants, and the role of fire in conservation.

The trail ride includes a free lunch and is presented in partnership with the Riddells Creek Trail Riding Group. Bookings are essential, and experience trail riding is preferred.

Visit us at the Kyneton Agricultural Show

Drop by Council's stall at the Kyneton Agricultural Show on Saturday 17 November and learn about local biodiversity, plants and animals.

Council's environment team will be on site throughout the day to share the latest updates on what's happening in the local environment, including projects, events and consultations.

Discover local Indigenous history at Extinct - Lancefield Megafauna Festival

Take a tour of the historical site Mount William greenstone axe quarry as part of the Extinct–Lancefield Megafauna Festival.

The Mount William greenstone axe quarry, also known as Wil-im-ee Moor-ing and meaning 'axe place' in the Woiworing language, was an important source of raw material for the manufacture of greenstone ground-edge axes, which were traded over a wide area of south-east Australia.

The mini-bus tour departs from the front of the Lancefield Guest House, 71 Main Road. The event is presented in partnership with Extinct–Lancefield Megafauna Festival.

Be a citizen scientist during Hanging Rock koala count

They're considered adorable, furry and icons of the Australian bush, yet the humble koala faces significant threats.

Come along to a discussion on Friday 7 December from 10am to 1pm at Hanging Rock Reserve to find out why koalas are so unique, and how you can help protect them on your property.

Stick around following the talk and join Council's rangers for the annual koala count – a citizen science survey aimed at finding out more about the reserve's koala population.

For more information on the events, or to book, visit mrsc.vic.gov.au/environment-events or call 5421 9660.

We're Giving You More Mulch for Free!

Council's transfer stations have mountains of mulch to move, and during November we are inviting shire residents to bring a shovel, container or trailer, and protective clothing to a transfer station to load up on mulch for free.

The mulch is available while stocks last from our transfer stations in Kyneton, Romsey and Woodend, and is produced from garden organic materials.

Applying mulch at this time of year can help

conserve water and protect plants from the summer heat.

This is a first-come, self-load offer, available during November to Macedon Ranges Shire residents. Proof of residency such as a driver licence, rates notice or utility bill is required. The amount of mulch available at transfer stations may vary.

For locations and opening hours, visit mrsc.vic.gov.au/transfer-stations

Preparing Your Property for the Fire Season

With summer around the corner, now's the time to be preparing your property for the bushfire season.

Here are our top tips for preparing your property:

- slash grass and keep it under 75mm
- rake up and remove dry grass, leaves, twigs and loose bark (also called fine fuels)
- remove any rubbish or material that is likely to cause, maintain or promote a fire
- store flammable liquids well away from the house
- store woodpiles away from the house
- place metal flyscreens or window shutters over windows
- keep gutters clean of fine fuels
- remove all noxious weeds from your property
- face your LPG cylinders vent-pipe away from the house

and store securely in an upright position

- prepare your bushfire survival plan.

Property inspections and notices

Council's Fire Management Officer has begun inspecting properties for fire risk within the shire and will issue fire prevention notices to those properties that pose a fire risk.

If you receive a notice, don't ignore it as heavy penalties can apply to owners who fail to comply.

Properties are expected to be maintained to the required standard throughout the fire danger period. If you are grazing stock, you must demonstrate that the number is sufficient to reduce the risk and if not, you may be required to do additional fuel reduction work.

For more information about preparing your property, visit mrsc.vic.gov.au/fire-ready or call Council on 5422 0333.

Be Part of Our Paws for Thought Consultation

What do you think about designated dog on and off leash areas and a night-time cat curfew for the shire?

You can have your say on these options from Thursday 1 November 2018 as part of our Paws For Thought consultation.

The idea for designated on and off leash areas for dogs and a cat curfew came from community feedback gathered during development of the 2017-2021 Domestic Animal Management Plan.

When considering dog off leash areas, we have tried to balance the needs of dogs, dog owners and the wider community. We have also considered the impact of dogs on the natural environment.

Under the proposed changes, dogs will have to be on a leash in all public places unless they are in a designated off leash area where they must be under effective control.

In some places that are sensitive environmental areas, dogs and cats will be prohibited altogether.

Have your say

Take a look at the proposed off leash and prohibited areas for the shire on our website at mrsc.vic.gov.au/yoursay from Thursday 1 November 2018 and tell us what you think.

We would also like to know what you think about the proposed introduction of a night-time cat curfew for the shire and how this might work.

We want everyone's feedback, whether you are a pet owner or not - it's important to hear everyone's voice.

Complete the online survey at mrsc.vic.gov.au/yoursay, join the discussion forum, fill out our online feedback form or make a written submission.

To find out more, come along to our community forum on Tuesday 13 November at the Woodend Community Centre from 7pm-8.30pm.

Submissions close Friday 30 November 2018.

For more information, visit mrsc.vic.gov.au/yoursay or call Allie Jalbert on (03) 5422 0333.

Top 10 Water Tips for Warmer Weather

Now the warmer weather is here, Western Water recommends 10 top tips to make the most of your water and local services.

1. **Be Smart.** Choose Tap. Drinking tap water is the best choice for your health, the environment and your hip pocket. You can refill a water bottle with tap water for a whole year for the cost of just one bottle of water.
2. **Know the rules.** Permanent Water Saving Rules are common sense rules that encourage the efficient use of water. A watering can, bucket or hand-held hose fitted with a trigger nozzle can be used at any time. Watering systems, including sprinklers, can be used between 6pm and 10am.
3. **Adopt a hydrant.** Let us know if any fire hydrants in your neighbourhood need some attention. It will help the CFA when they need to fight fires.
4. **Store some water in your fridge.** In the event of an emergency, like a burst water main or bushfire, you'll always have some water available to drink.
5. **Be prepared.** Remember that Western Water can't guarantee water pressure or an uninterrupted water supply in the event of a bushfire. Western Water will have backup generators ready, storage tanks filled to high capacity, and staff on call during the fire danger period. Residents should consult the CFA about their options for protecting their property during a fire.
6. **Remember the three Ps.** Only pee, poo and (toilet) paper should go down the toilet.
7. **Check for leaks.** Avoid an unexpected large water bill by checking for water leaks now. Do this by checking your meter, then re-checking after a period when no water has been used in the home. If the numbers have changed on your meter, you may have a leak.
8. **Shorten your shower.** Save water by sticking to four-minute showers.
9. **Claim a concession.** Concession card holders can get up to \$320 off their water bill this year. Register your card with Western Water.
10. **Save the environment.** Switch to email billing and get electronic bills delivered to your inbox.

Community Poem

THE NARK

by CJ Dennis ('Den')

Wait till after Chewsdy, wife.
'Taint far ahead to look,
A change is comin' in your life,
Or else I'm much mistook,
I'll buy you rugs an' furs an' things
An' di'monds by the ton.
We're 'ome at last when Chewsdy's
past
An' Melbun Cup is run.
Wait till after Chewsdy, Bill.
You're silly if you frets;
I'll pay that quid; you know I will;
An' settle all my debts.
The tip's a cert; the 'orse can spurt
An' last the distance too.
I'm 'ome all right by Chewsdy night
When all my dreams come true.
I knows, I knows; to well I knows
I've said it all before;

But blokes' as got to learn I s'pose;
I'll never switch no more.
Me mind's made up. This Melbun Cup
You'll 'ave no chance to scoff.
I mean to stick to my first pick
An' never git put off.
So wait till after Chewsdy, mate.
'Till after Chewsdy, wife.
A man can't be the fool of fate
For all 'is nach'ril life,
An' yet, an' yet I can't forget
Past years, an' nags I backs.
In pichers grim I visions 'im,
That coot wot dogs me tracks –

Never the same bloke year by year,
'E waits there on the course
To pour 'is poison in my ear
That 'ound wot knows a 'orse.

'E knows a man wot knows a man
Wot knows the stable well.
'E knows, 'e knows – Lord! Wot 'e
knows
'Ud take a book to tell.
An' must I meet 'im once again –
My Jonah, still disguised?
An' must I 'ark to that dead nark
An' stand there, 'ipnertised?
Keep 'im away! Keep me, I pray,
From speakin', still bewitched,
The bitterest word a man e'er 'eard:
'I 'ad it, but I switched.'

**Good luck to all on Melbourne Cup
Day.
And stick with Aunty's favourite
colour, cute name or lucky number.
As sure as hell. It will win!**

Ken Allender, representing the Bank, spoke of the importance of community banking. Evan Krausgrill (Strategic Planner, Macedon Ranges Shire Council) reminded those in attendance of the importance of the Romsey Town Structure Plan process and how they can be involved. Keynote speaker was Milton Collins (Action Coach) who spoke passionately of the importance of small business and its relationship to community. All too soon, the morning was over! This was a fantastic opportunity for those in attendance to network with others, be entertained and be informed.

A big thank you is extended from RRBATA to Bendigo Bank for its sponsorship and to the Glen Erin team for providing a wonderful venue and breakfast for us all to enjoy!

Visitor Economy Strategy

Macedon Ranges Shire Council is currently drafting a new Visitor Economy Strategy. RRBATA was invited to be involved in this process and is the only eastern corridor representative body represented on the review panel. As such, it is an important local voice in the process which will set a strategy for the extremely important visitor economy which is extremely important to the Macedon Ranges region. The eastern corridor currently receives only 16% of the total visitation of the Macedon Ranges despite being the largest geographical zone. Therefore, the potential for better dispersal of visitation to this area

Free Rainbow Community Symposium

Which retirement village would welcome same sex couples? Which toilet would you use if you are an older trans woman in our rural townships? Do gay men feel safe walking around town at night? Which doctor do you go to if you are a lesbian woman over 40 years old? These are the types of issues that a free two day LGBTIQ+ symposium entitled The Power of your Rainbow Community will explore next month in Daylesford.

Cobaw Community Health is thrilled to again welcome Ro Allen, the Victorian Commissioner for Gender and Sexuality, to present at the symposium, along with Dolly Diamond, well known comedy cabaret entertainer, who will MC the event as well as perform on the last afternoon. Ro Allen states that "The elders have so much to offer. That's why it is so important to stay connected and build connections between older members of our rural and regional LGBTIQ+ community. I am really looking forward to being a part of the symposium - and Dolly Diamond promises to be a hoot!" Interactive workshops will be facilitated by a diverse range of presenters, including Sally Goldner from Transgender Victoria and Bisexual Victoria, Dr. Philomena Horsley from the Gender and Women's Health Unit at the

University of Melbourne along with other prominent local professionals in the LGBTIQ+ sector.

Funded by Thorne Harbour Health (formerly Victorian Aids Council), this symposium aims to connect older LGBTIQ+ people across Central Victoria and will offer a number of different workshops that will engage participants in creating and sharing networks and information.

Tim Adam, Community Wellbeing Manager at Cobaw says that "This symposium recognises the diversity that sits within the LGBTIQ+ community in Central Victoria, and we want to celebrate that diversity. It's a celebration of ideas, thoughts and actions." LGBTIQ+ community members of all ages in Central Victoria are invited to participate in this dynamic local initiative. The symposium will be held on 1 and 2 November, 10am to 4pm in Daylesford.

Margaret McDonald, CEO at Cobaw encourages the LGBTIQ+ community to attend "This is a great opportunity to extend your community connections and participate in a local first-time symposium." Although free, registration is important to assist the organisers and can be done via www.stickytickets.com.au - search The Power of your Rainbow Community.

Volunteering Made Easy at new Resource Centres

Have you ever thought about volunteering but don't quite know where to start?

Two new Volunteer Resource Centres are opening at Goldfields Library branches in the next few weeks where advice and guidance on local volunteer roles will be available.

Operated by Volunteer Central Vic, a service of Cobaw Community Health, and hosted by Goldfields Libraries, the Volunteer Resource Centres will be a place for interested people to drop in and find out about volunteering. The centres will assist prospective volunteers to link with volunteer opportunities across a wide range of community organisations. Information and support for those interested in volunteering will be on offer along with assistance for people to find and apply for roles on the spot.

The Centres will also offer support and resources to volunteer organisations looking to recruit volunteers. Volunteering not only benefits the organisation you are helping, but is a great way to make new friends, learn new skills, find new levels of fulfilment and self-confidence as well as become more connected with your community.

Anyone is welcome to come in at the times listed below and someone will be there to help with any questions you may have.

Locations: 9 Baynton Street, Kyneton, 10am-4pm every Wednesday from 31 October 212 Barker Street, Castlemaine, 10am-2pm every Monday from 5 November.

Margaret McDonald, CEO Cobaw added 'This is a great partnership with the Goldfields Libraries branches and we are delighted to be able to partner with them to foster local volunteering'. For further information contact Volunteer Central Vic on 54211666 or visit www.volunteercentralvic.com.au

LAMB WITH CRUST

Select small (baby) beetroot as the accompanying food for this Greek styled lamb. (If you use tinned baby beetroot your life will be easier). Nevertheless, buy fresh beetroot for use later because you'll need the green leaves which you boil in water for 5 minutes or so then serve with a squeeze of lemon juice and some freshly ground black pepper and the baby beets.

1 Garlic clove;
4 Well-trimmed racks of Lamb (each rack 4 chops);
Juice of 1 lemon;

Oregano;
Olive oil;
Bunch of baby beetroot.

Cut the garlic clove in half and rub the cut half over the racks of lamb. Squeeze lemon juice over the racks and sprinkle with dried oregano. Quickly seal (brown) the racks in a couple of tablespoons of hot olive oil then pop them into the oven and cook for 10 minutes at 200° C.

Cut the leaves from the baby beetroot, wash them then drop them into simmering water for 5 minutes or so. Lift out the leaves, drain them and serve alongside the racks dressed with lemon juice, some freshly ground black pepper and a sprig or two of fresh oregano.

Be Part of the Movement & Join Relay For Life Today

Saturday 2nd & Sunday 3rd of March 2019

Local residents are being asked to participate in the annual Lancefield/Macedon Ranges Relay For Life on Saturday 2nd March and Sunday 3rd March, 2019 at the Lancefield Recreation Reserve and help make the event bigger and better than ever before.

Relay For Life is a unique opportunity to bring the Macedon Ranges community together to celebrate cancer survivors, remember loved ones lost and fight back against cancer.

A community fundraising challenge for Cancer Council, Relay for Life ensures that Cancer Council Victoria's cancer research, prevention programs and support services are available to the Macedon Ranges and every Victorian community.

In the past Relay For Life events in the Macedon Ranges Shire have raised over \$1,450,000 to help the 269 people diagnosed with cancer in the Macedon Ranges Shire every year.

Relay for Life is a fun and moving overnight experience, where team members take turns walking around a track to signify that cancer never rests. Throughout the Relay, participants are also treated to entertainment and activities, including games and competitions for all ages. The tug-of-

war rope challenge is definitely not one to be missed!

A celebration of hope, the Relay For Life provides community members the chance to join together and acknowledge local cancer survivors, patients and carers, while honouring those who are no longer with us.

Everyone is welcome at Relay, no matter your age or ability. You can take part however you like by walking, jogging, running, wheeling or even dancing – it's your Relay For Life! PASTORS'S PARABLES

We are what we believe.

As a rule, decisions we make are based on what we believe to be true – thus there will always be consequences as a result of our beliefs. If we do not believe in the laws of gravity, will our beliefs stop us from the consequences of falling?

We should really consider what we believe. If our beliefs are based on a scientific theory like evolution (lack of supportable evidence means it is a theory, not a fact) we believe we are cosmic accidents with no high purpose - born simply to breed, suffer and die.

Sadly, this is the grim message being taught as fact to our children in schools. They quickly learn the irony that the ultimate point of evolution is that all existence is ultimately pointless. As a society we are now reaping the

consequences - in high suicides rates, depression, lack of direction, lack of hope, break-down of family, rampant crime and a mass dependency on drugs. If, as a society, we believe and teach that our existence is ultimately pointless, do we think there will be no repercussions?

The Bible states, 'The fool has said in his heart, "There is no God" (Psalm 14:1)'; even though God's handiwork is plainly seen in creation (Psalm 19:1). If we reject the biblical claim of God and Jesus Christ, what are the consequences if we are wrong? John 3:36 says, "He who believes in the Son (Jesus Christ) has everlasting life; and he who does not believe the Son shall not see life, but the wrath of God abides on him."

There are always repercussions to our beliefs. Even if we fence-sit or say we believe in nothing, all our decisions will be based accordingly, and we should consider the cost - both individually and collectively as a nation.

So what are the consequences of a belief in Christianity? It offers everlasting salvation, a code of integrity, a sense of purpose, a hope for the future and a meaning to all existence. (John 3:16)

THE WORK OF THE HOLY SPIRIT - 7 TO GLORIFY THE LORD

Over the past months we have been looking at the work of the Holy Spirit in the lives of we humans - unbelievers and believers alike. To unbelievers, He makes us aware of our sinful state and our need of salvation through faith in Jesus Christ! Then to believers - He reveals to us God's requirement of Righteousness from us, as in the righteousness of Christ, then His Judgement and Defeat of sin and Satan by the Cross and Resurrection of Christ. Further, to instruct us in the hidden nature of God, hidden because, the unenlightened human mind is incapable of understanding Him.

Jesus said, "He, the Holy Spirit, will bring GLORY to me by taking from what is mine and making it known to you." (John 16v.14) Just as Jesus, the Son, glorified the Father, so the Holy Spirit, glorifies the Son. It is His special calling to take of the nature of Christ - His love, His word, His compassion, His gifts - and make them a reality in the lives of believers. Then it is our turn, through the Presence and Power of the Holy Spirit, to glorify Jesus in OUR lives in order that we may shine gloriously for Him in this sad and darkened world bringing others into a personal knowledge of Him also.

**"Glory be to God the Father, Glory be to God the Son,
Glory be to God the Spirit, Ever Three and ever One,
Glory, Glory, Glory, Glory, while eternal ages run."**

Last month was quiet, although several

Follow the Christmas Star

You are invited to meet outside St Paul's Anglican Church in Main Road, Romsey, to walk with Mary, Joseph and their donkey as they search for a place to stop for the night. Where will they go? Who will they meet on the way? What will we discover at the end of the road?

We will be looking for a stable with live animals where we can sing Christmas Carols, accompanied by the Kyneton Brass Band and see a real baby, and share some refreshments together.

Parents and children please join us.

Time: Thursday 20th December at 7:30pm

Dress Up: Dress up as wise men, or angels, or shepherds or a person from Bethlehem if you wish. There will be costumes available to borrow (adult as well as child sizes)

The 2018 Macedon Ranges Spring Cup, a Stableford challenge between Romsey & Mt Macedon G. Cs. was a great success. A field of 54 golfers teed off under clear, blue skies with almost no wind. The field worked their way around the course well and were back inside enjoying a roast lunch just before 1.00pm. The day's results were; **A Grade** – Scott Williams (RGC) 37 pts, **B Grade** Kon Nentis (Medway) 37 pts, **Women** – Jenny Hartley (RGC) 34 pts. **Drummond Challenge Shield**; RGC - 29.5 **D MMGC**– 25.8

For many years the golf club has run a nine-hole Friday afternoon/evening **Twilight Golf** competition. This has proved very successful with many community members coming down for a hit and a light meal. Weekly scores are recorded, and players are eligible at the end of the competition, to win the "Titan of Twilight" award. The 2018/19 **Twilight Golf** will begin on **Friday November 30th** with hit-off between 4.30pm and 5.30pm. Golf - \$5.00, a variety of food will also be available. More information; RGC secretary Elaine Scanlon; 0400 768 040. **Twilight Golf** will run from Fri Nov 30th to Fri Mar 1st.

Our coring, topdressing, seeding & fertilising of the greens (Sept 27th) and annual Working Bee (Sept 28th) were both very successful. Our thanks to all those RGC members who planned & organised the tasks and who spent time completing them. The greens were pretty rough immediately after these works so two rounds of Ambrose were played. RGC recognises that we have some custody of your park and we work very hard to maintain and improve this large public open space for everyone.

The 37th Romsey Open will be held over the weekend of 24 - **4BBB pairs** /25 Nov - **24-hole Stroke Open**. On the **24th a competition** will be played with the **on Sunday 25th**. For many years this event was held on the 1st weekend of June, it will be great to The Open during the better weather and when the course will be at its best. More information at; romseygolfclub.net

In 2019 the **"11th Relay For Life" Charity Golf Day** will be held at RGC on Sunday Feb. 10th. More info will soon be available on the RGC website. So far this event has raised almost \$18,000 for cancer research. The club would like to thank "Big Joe" Dickenson for his donations for the work shed.

RGC Weekly Competition Results;

Sept 19th	Elaine Scanlon (30) -4 from Lorraine Robb (31) C/B from Jenny Hartley (24) -5
Sept 26th	Monthly Medal ; Jenny Hartley 99/24/75 from Elaine Scanlon 109/30/79
Oct 3rd	Ambrose - Bruce Robb/Hugh Williams/John Freestone – 44 pts from Jenny Hartley/Pam Drummond/Elaine Scanlon – 43 pts
Oct 6th	Ambrose – Pat Chisholm/Jim Patton/Mick Nicholls Jnr – 70/7.5/62.5 from Scott Williams/Sherif Abdel-Sayed/Chris vanDerVliet – 77/11/66

Lancefield and Romsey **Community Bank®** branches Chair Suzie Ewart said the Lancefield and Romsey **Community Bank®** branches Scholarship Program, which opens in December, was launched because the branches believed local students deserved every opportunity to achieve their dreams.

How to Determine if a Wild Bird Needs Help or Not

There are plenty of baby birds around at this time of year and often people want to rush in a help if they see a bird on its own.

This is a great guide to help you to identify fledglings and determine if they need veterinary assistance or if they should just be moved out of harms way. In the case of Magpies, the parents are often close by, so you must consider your safety first before taking any action to render assistance.

If you are still unsure, it is best to call a vet or wildlife organisation in order to determine how best to succeed.

HAVE YOU FOUND A BABY BIRD ?

Identification

Not all baby birds are raised in a nest (altricial), some are ready to take on the world the day they are born (precocial). Seek advice to correctly identify a baby bird before placing it in a make shift nest.

Featherless

I have no feathers to keep me warm, if mum and dad do not return soon, I will need to be taken into care. Please keep me warm on transport to a Wildlife Hospital or Veterinary Clinic.

Fledgling

I have just left the nest and I am learning to fly under the watchful eye of mum and dad. I am on the ground for a reason, so please do not "rescue" me unless I am in danger; in this case place me on a branch for safety.

Kidnapping

Do not take me from my parents, they can teach me all the lessons and survival skills I need to know as a bird; how to fly, what food to eat, how to find food and how to avoid predators. So please do not rescue me unless I am in danger, in this case place me on a branch for safety.

Veterinarian

If I am sick, injured or have been in a cat or dog's mouth I will need Veterinary attention. Please keep me warm on transport to a Wildlife Hospital or Veterinary Clinic.

Legislation

Under the Queensland Nature Conservation Act 1992, it is illegal to take protected wildlife from the wild. Registered carers can help, contact your local wildlife group or wildlife hospital.

EASY STEPS TO MAKING A NEW HOME

1. If the bird is really young and has soft and fluffy down instead of feathers and you are not able to place it in its original nest, then you need to make a new home using a bucket, (approx 40 - 50 cm deep) with holes punched in the bottom for drainage.
2. Put in a layer of soft leaves or grass. Place a stick (about 60 cm long) in the bucket and secure it into one of the drainage holes, so the parents and baby bird can get in and out.
3. Hang bucket head height in a leafy protected area, away from direct sunlight and as close as possible to where you found it. Mum and Dad do not mind if we are in a different tree or if the baby has been handled by a human.
4. Watch from a distance to make sure the parents return to feed the baby. If the new home is disturbed, this may take hours. If the parents do not return by dark, we will need to go into care.

New Advertising Charges for 2019

The past year has seen many changes to The Romsey Rag. The focus since the initial edition in February this year, has been exclusively on compiling the Rag and getting it published in the best possible format and on time. We hope we have been reasonably successful in these pursuits.

It has been a steep learning curve for the Committee during this time. A recent review of the costs has resulted in new advertising charges which will be applied in 2019.

For those who select the 11 month option, we will offer a much reduced cost to run an additional quarter, half or full page advert or flyer.

We will also be offering a special half page "Local Business Showcase". New and/or existing local businesses will be able to let everyone know who you are, what you do, where you are and anything else you wish to include. The Showcase will be published at the top of page 3.

The Not For Profit Community Group Memberships charges have been clarified and will now offer both five and eleven month half and a full page options. All Not For Profit groups will receive information explaining these new charges during November.
